6. *To my forever safe place (Mama, Papa, Uti, and Kakung). Thank you for being my biggest comfort, my strongest support system, and the people who never stopped believing in me, even during the moments when i struggled to believe in myself. Thank you for every sacrifice, every prayer, every reminder to keep going, and for loving me in the most unconditional way. None of this would have been possible without you.*

7. *To Aurora, Anggaraksa, Arsyilla, Tante Elin, Tante Yani, Om Ade, and Om Ican, thank you for always showing up with love, encouragement, and endless support. Thank you for celebrating every little progress and reminding me that i never had to go through this journey on my own.*
8. *To Bunda Vivil, Daddy, Khael, and Kak Virio, thank you for constantly cheering me on, believing in me, and keeping me in your prayers. Your support has meant more than you probably realize. To Mr. Wildan, thank you for inspiring the idea behind this title. Your insight became the starting point of a journey that eventually led me to complete this work.*
9. *To my girls, Busa Girls (Erika, Aping, Sabil, Futri, Keysha, Asyakra, Napis, and Teh Ranti) thank you for literally being my comfort people throughout college. Thank you for every random lunch, every last-minute study session, every laugh that somehow fixed a stressful day, and every memory i'll always carry with me. College genuinely wouldn't have felt the same without you guys.*
10. *To my forever people, Travel Size Club (Wawa, Sasa, Wanda, and Celo) thank you for proving that real friendships never expire. No matter how busy life got, you guys always found a way to remind me that i had people cheering for me from afar. Thank you for loving me exactly as i am.*
11. *To my lovely Ciwiksss (Siwa and Kak Ca) it's funny how we became so close in such a short time, but somehow it feels like we've known each other forever. Thank you for becoming one of my favorite plot twists.*
12. *To my fellow Pharmakasha classmates and everyone in Cakrawala, thank you for growing, learning, struggling, and celebrating together. Thank you for every collaboration, every lesson, and every unforgettable moment that made these years so much more meaningful.*
13. *Thank you for choosing to stay, even when things felt overwhelming. Thank you for surviving every moment of self-doubt, every challenge that came along the way, and every moment when everything seemed impossible. Thank you for showing up every single day, even when progress felt slow. I'm proud of you for making it this far. This may be the end of one chapter, but i know it's only the beginning of so many more.*
